After a long time of questioning, which developed little that was material, Attorney Richardson suddenly asked: "Now, have you been cautioned not to give details any time or place during the cross-examination?" Orchard answered: "Yes, I have been cautioned not to give details any time or place during the cross-examination."

# JAPANESE WAR TALK AROUSES WASHINGTON

NAVAL STRATEGISTS SAY AMERICA IS PLACED AT A DISADVANTAGE.

WASHINGTON, June 11.—In the opinion of the state department, the most serious consequence of the present anti-American agitation in Japan is the inevitable delay caused by it in the successful conduct of the negotiations which are pending for the conclusion of a new treaty of commerce and amity between the two countries.

There is also, of course, the possibility that continued celebration of charges and counter-charges will ultimately lead to an enlargement of the two countries' mutual animosity, and possibly to a new war.

Questions American Vessels. A copy of the report made by Charles F. Townsend, of Seattle, on his recent visit to Washington in behalf of the Japanese interest of the Pacific coast, has become public here.

U. S. Third World Power. Among all the nations of the world the United States ranks third in naval strength and about fifth. Nearly all of Japan's vessels are in home waters.

# 1,500 BOYS TO PARADE; FIGHT FOR BALL FIELD

At Indignation Meeting Will Demand That Mayor Keep Promise.

## SAVIN HILL IS AROUSED

Angry because Mayor Fitzgerald has not kept his promise to provide a suitable playground for them, 1,500 boys of the Savin Hill district of Dorchester are to parade through the streets in that district tomorrow night, carrying banners on which their grievances will be laid out and they will have a meeting in the ward room at Meeting House Hill.

The boys are determined to get a playground to replace the waste of land they now have. Their call came and many boys and all their fathers are to be present. They are determined to get the approval of their parents, who do not want to see their boys in the streets. Mayor Fitzgerald has promised to give them a playground, but he has not done so.

In a circular the boys have sent out, they request the following: "Bring your friends. We want a decent playground."

The circular bears the names of Walter Fritz, chairman; Timothy Cronin, James Clifford, and John Clifford, members of the committee. It also says that the boys will be in the streets from 8 o'clock until 10 o'clock, and that they will be in the streets from 8 o'clock until 10 o'clock.

The Mayor was invited to attend the meeting and sent the following letter to Chairman Fritz: "I am sorry that I cannot attend the meeting, but I am very busy."

At the meeting, the boys will be in the streets from 8 o'clock until 10 o'clock. They will be in the streets from 8 o'clock until 10 o'clock.

What Does "Busy" Boston Express? "How does busy Boston intend to bring its most extensive? Give the boys of Savin Hill a chance. Give them a playground. It is not much."

Timothy Cronin said: "We have been looking on promises that have been broken. We have not got a playground. We have not got a playground. We have not got a playground."

More rain of course. Even while the sun was shining today the Weather Man gave out his miserable forecast for Boston:

"Showers tonight, Wednesday, probably showers; light northerly to easterly winds, increasing."

There is a storm area that includes the Great Lakes region and the Virginia territory. A storm now pouring over the Gulf will probably go to the north of New England.

But a storm that is now active over Virginia is expected to bring it all night and probably hold over tomorrow. That is the explanation given by the Weather Man. If it is any comfort to you to know the why and wherefore of this summer we are not getting.

Among the best beers, the differences are not largely due to materials. 'Twould be folly to skimp there.

Most differences in taste are due to the skill, or the lack of skill, in the brewing. And to the yeast.

But quality refers, above all, to the purity. Pure beer has no germs in it, and it does not cause biliousness. It is not only good, but good for you.

Purity is rare because it is costly. And because its lack is not easily noticed. But in Schlitz beer it is the first requirement.

We spend more to attain it than on any other cost of our brewing.
